

International Day Against Drug Abuse and Illicit Trafficking

Theme 2020- “Better Knowledge for Better Care”

Concerns related to Children

27 June 4pm -5.10 pm

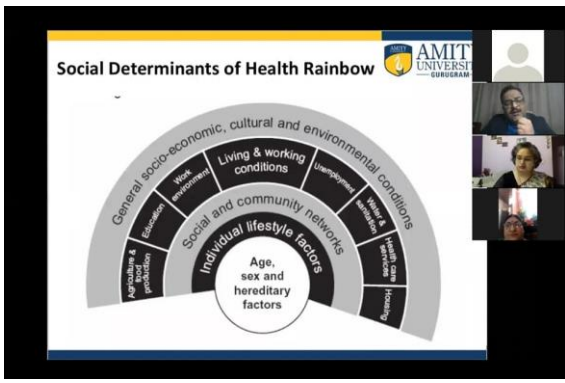

PNNFI in collaboration with Amity University Haryana (AUH), conducted a webinar to celebrate **International Day Against Drug Abuse and Illicit Trafficking**. The objectives were:

- To create awareness among nursing fraternity, other healthcare professionals and general public about the magnitude of problem related to drug abuse and its devastating consequences.
- To explain the role of health care workers in managing children with drug abuse.

The Organizing Chairperson was Prof. (Dr.) Padmakali Banerjee, Pro Vice Chancellor, AUH. The session was moderated by Dr. Smriti Arora, ACON, AUH. The webinar was highly successful, more than 350 students and faculty members attended the webinar who appreciated the talks and organization.

Glimpses of the event

Depressants

Depressants are drugs that slow down the functions of the central nervous system

- Alcohol
- Cannabis
- Barbiturates
- Benzodiazepine
- Some sedatives and inhalants

A child's life is like a piece of paper on which every person leaves a mark.
